

TEC: News - July 2013

www.chesterfieldmethodists.org/youth

Produced bi-monthly - Since 2013

TEC: Football has been running since September 2012. It is a new event for TEC young people, their friends, those who've heard of the event in the circuit & young people from the area to get to know our Christian community (TEC), hear about God and to play a competitive game of football. We've had 70 new young people along with half of them returning more than once, some of these coming along to other TEC events and we've met some great people. In August we'll be having a tournament, TEC: Road to Rio, to raise money for an excellent charity 'Street Child World Cup. More info will be sent out soon!!

Nexus World Record

Article from Peter Cornell: Hello all, as you may know Nexus recently tried to get 5 world record in three days which meant I had to drum constantly for 72 hours with the previous record being 66 hours (held by Nexus). I'm pleased to let you know that nine of us drummers drummed 5 hours over the world record, meaning that **WE DRUMMED FOR JUST OVER 71 HOURS!!!!** By the end I was a complete wreck, I was crying from pure shock that I was about to do it but also in pain from my shoulders aching and also crying because of some of the songs they made us play! The support team were incredible all the way through it and

I can't thank them enough. My family also were incredibly supportive by coming in to do witness slots, chatting to me, cheering me on and giving up so much of their time to support others as well. I also want to thank everyone who has donated, it means more than you know! We're just about to break the 37k mark as I'm writing this so we have done so well. I'm now fully recovered and its back to normal no lessons and bible lectures are running again. We are now starting to plan our graduation concert so I will let you know about that which I can guarantee will be just amazing! Hopefully see you soon and God bless ☺

TEC: Worship/Open Worship

are our monthly worship services. We have a live band, different forms of prayer & worship and snacks & drinks. It's a time for TEC, and others, to worship God in an engaging and relevant way. The young people are involved in various aspects TEC: Worship but TEC: Open Worship is an opportunity for the young people to organise and deliver a worship service completely on their own, with George & Andrews guidance. These have been very insightful evenings, one looking at different themes such as weddings & food issues in the world.

TEC: Worship & Open Worship are open to anyone (under 12's accompanied by an adult) and we'd love to see you there!!
